About Together We are Brimbank

Last year we asked people in Brimbank about

- what they want Brimbank to be like in future and
- what is important to their life.

We used what they told us to make the

Brimbank Community Vision 2040. This is also called the Vision.

The Vision says what the community wants to happen between now and 2040.

We used the Vision to help us plan how to make these things happen.

We made 2 plans

- the **Council Plan 2021-2025**. This says how we will work towards the Vision over the next 4 years and
- the **Municipal Public Health and Wellbeing Plan**. This says how we will work to look after the health and wellbeing of people in Brimbank.

These plans and the Brimbank Community Vision 2040 make the Together We are Brimbank Plan.

In these plans we look at 4 things about

Brimbank. We look at

1. people and community
2. places and spaces
3. **opportunity** and **prosperity**
4. **leadership** and **governance**.

We explain more about these next.

1. People and community

The people in our community are the most important part of Brimbank.

We want to make sure everyone feels

- welcome
- safe
- and
- supported.

We want everyone to feel it is easy to be a part of the community.

We decided on ways to do this. These are called **our strategies**. Our strategies are the main things we need to do to make this happen.

The list of our strategies is next.

Our strategies for People and Community are

To help to make the mental health and wellbeing of people in Brimbank better.

To make it easier for people to

- get healthy food
- and
- do more exercise.

To support **gender equality**. Gender equality is when things are the same for women and men.

For example

- how they are treated
- or
- the chances they have to do things like work or play a sport.

To **reduce** gender-based violence. Gender-based violence is when a man hurts a woman.

To make sure people have the health services they need at all stages of their lives.

To make sure people feel safe and included in our community. For example

- we will work to reduce crime and
- make Brimbank more **accessible** for people with disability.
